### UAW Retirees Christmas Party

UAW Retirees from Sheboygan area locals enjoyed a Christmas Party held at the Emil Mazey Hall December 1. It was truly good to see friends and past co-workers get together after a year of uncertainty with the covid. The smiles and laughter were proof that the retirees had a great time. The afternoon began with a catered meal from Rupp's in Cleveland, WI. The tips were tender and the chicken melted in your mouth. After a full stomach the action began. There was bingo with lots of prizes! Thank you to the volunteers for making this Christmas special for the UAW retirees.

The UAW Retiree's Bingo is held at the Emil Mazey Hall the 1<sup>st</sup> Wednesday of the month; except there is no bingo January and February.

### Tim Tayloe President's Report

It's been another rough year for most. As we try to figure out this Covid-19, things change daily. We are to follow the guidelines as Kohler puts them in place. We are to stay six feet apart, then no it's three feet, we are to wear masks. We jump through hoops to keep work going, while upper management sits at home. Meanwhile, when we get put out for Covid the Company won't pay for your time off and by the way you're getting points on top of it! Again, while management and most HR's work from home.

Back to Covid, I get it there is a vaccine out there. I took three shots for my own reasons. IT was my choice. Just like it should be your choice and that is what it all comes down to. Your choice. We are Union members who work hard for this Company. We stand strong together as we have proved in the past. The time of jumping through hoops will stop if the Company puts our Union brothers and sisters to the street. I never have been so disappointed in this Company. People who were put out because of Covid were given nine points or more by the Company. These people pride themselves on their attendance record, what a slap in the face to them! All of you stuck with Kohler Co. through this mess while others hid at home.

Yes, I'm disappointed on how our Union Skilled Trades people are being treated. In 2018 the Company and the Union worked hard to build it together in to a solid workforce. Now, I hang my head as it has been gutted and the harassment of our skilled trades people makes me sick! Someone needs to listen.

This Company can hand out shirts but it needs to mean something for us to wear them. The Union has shirts when you put them on it means something;

**Solidarity!!!**
